Total Est. Time: 4 hours, 29 minutes

Total Est. Distance: 270.18 miles

Mike's Beach Resort is one of several dive resorts on the Hood Canal in Washington. Mike's Beach Resort is located about 20 minutes north of Hoodspport on highway 101. Mike's offers lots of different accommodations from dorm/bunkroom style to hotel room or cabin style. When we go, we get one of the larger bunkrooms for everyone to stay in. This is by far the cheapest option with Friday and Saturday night and your air fills for the weekend only being about \$100 per person. If you would like to though, you can get a room or cabin for around \$90-\$120 each night and you will have to buy your air fills. This method will cost two people about \$140 each. Mike's prefers cash. There is an extra charge if you pay by credit card. Checks are not accepted.

For our diving excursions, it is recommended that you leave Eugene on Friday and try to be at Mikes by around 8pm to get the best selection of bunks and a good nights rest before a full day of diving. We are nearly always staying in the 'big dorm' but depending on the course this may change. You can use the ROUGH map below to find your bunk. Once you unload, be sure to park in the parking area by the road, not next to the dorm.

If you are staying in one of the dorms, they are equipped with bunks and a pillow. Please bring bedding/sleeping bags for your comfort. There is a full kitchen in the dorm with stoves, refrigerators, pots, pans, bowls, cups, and silverware. There are grills outside if you bring charcoal briquettes to heat them. The nearest grocery store is over 30 miles away, so be sure to bring what you need for the weekend.
